CORPORATE INFORMATION

FOWY **GENERAL CONTRACTOR AND PROCUREMENT LIMITED**
was established to provide multi-discipline function such as

General Contractors engineering, Trading, Marketing, Sales and Distribution of General Goods, Commission Agents, Manufacturers' Representatives, General Suppliers and general contract by defining and reinventing spaces and collaborating with you to create an environment that reflects your culture.

Fowy seeks to transform the construction business and challenge conventional work practices. Count on us to guide you on a path to a remarkable approach to construction and general contract that quickly satisfies your timeframe and budget. The company is an indigenous integrated construction engineering and affiliating marketing company that is engaged in building construction / civil engineering, electrical, conceptualizing, design, construction of drainage/culvert and erosion control, building, installation of security equipment, borehole drilling, supplies and consultancy, supply and installation of transformer, solar street light, furniture / office equipment, Personnel Protective Equipment (PPE) supplies, and general contracts.

Fowy is duly incorporated under the Companies and Allied Matter Act of the Federal Republic of Nigeria with RC no. 1996893 and official address at 9B, Mousa Traore Crescent Asokoro, FCT, Abuja.

FWY GENERAL CONTRACTOR AND PROCUREMENT LIMITED bases its operations on the most cost-effective and safest alternative course of action, which is made achievable by the use of cutting edge solutions provided by many disposal possibilities.

Our company keeps an absolute commitment to the requirements and standards of the work demanded by our clients. A reputation for excellence that has helped us achieve the outstanding position we presently have in the engineering and construction industry.

Our blend of service, innovative solutions and strategic partnerships coupled with excellent service, quick decision making and first-hand knowledge enables us to supply our customers with a tailor made, reliable and cost effective solution. Since the Inception of the company as established by the founder who has been responsible for translating his many years of field experience into abstaining and innovative products from across the globe that will benefit you as our customer & our environment. This ability remains the corner stone of our current operation.

The company has a team of professionally and conduct business with Ethics & Integrity. We are proud of the products which we present and the efforts we put

into them. Our Research & Development wing constantly put in great efforts to innovate in the field.

GOAL is to serve our country by setting standards of quality, services and commitment to customers. We measure our success based on the satisfaction of our valuable customers.

QUALITY ASSURANCE AND POLICY, our uppermost priority is Quality. We have qualified technicians, specialized in analysis & research our work with modern technics.

FOWY develops comprehensive plans tailored to meet specific requirements of customers. This is accomplished by learning customer's exact objectives with regards to their internal and external requirements, thus ensuring that we will provide quality services more consistently than any other service provider in the market. An attribute that has seen us through to the enviable position we are currently occupying in the engineering and construction industry

Also we diverse resources in other sectors such as ICT projects and supply of office equipment and consumables. We have an outstanding and effective knowledge in production chain design and deployment and general supplies.

We are very proud of our reputation and always strive to maintain it.

Core Values for the Company:

The company's core values revolve around three key words that every action taken must measure up to:

 **Integrity:** Our top level goal is always to build integrity by being honest and open with our clients, consultants & subcontractors. We recognize that without a high level of trust, the vital relationships that can make or break a project will dissolve.

 **Confidence:** We instil in all our site staff and management a sense of self achievement and personal responsibility to provide a feeling of personal confidence for each and every person who works on a project.

 **Satisfaction:** We understand that each stakeholder in a project has a job to do. However we also know that if people enjoy what they do, they'll be happier, healthier and achieve more. For most of us, work is a big part of life and life is for enjoying. That's why we always do our best to make every job enjoyable. So all who work with us will have a good time doing it.

These three core values are a reflection of the good old fashioned values of hard work and trust which we have based our business on.

OUR AIM

FOWY GENERAL CONTRACTOR AND PROCUREMENT LIMITED aims to exceed the expectations of our customers through total quality management by making a strong commitment to our clients, and have a vested interest in their success through our responsiveness, friendliness and knowledge.

We offer professional services around true single point of contact, with a team of experienced and diverse professionals. Our distinguishing feature is that we are service driven and strive at all times to be a one-stop shop to our clients and continually position ourselves in the nation as being both flexible and adaptive to the varying cultures and needs of our clients.

OUR VISION

To be loved by our employees and build a significant brand and great company, trusted by our industry with a clear mindset to display excellence in all our works.

OUR MISSION

To contribute to the development of Nigeria infrastructure, in order to create a justifiable future.

OUR STRENGTHS

Our strength is our people, whose skill, knowledge and integrity earned the company hope and relevance in the business world. We are committed to supporting each member of our company and the clients because our watch word in succeeding together, in an atmosphere of respect and trust. We value community and endeavour to participate to improve individual lives.

Our Signatures and Partners

- ✓ ATAMAP Associates Int'l Ltd
- ✓ Bolamark Engineering Limited

Our signature partners improves the efficiency and the effectiveness of both companies and serves as a great boost of business operations for both companies as the relationship between the companies gives us exposure and experience that we will not trade for anything.

The company strive to maintain the integrity of architectural vision and design. Their professional project management and knowledge of the industry was self-evident and impressive as we empower you with just the right resources you need to achieve your goals and purposes. That's precisely the concept we operates at an amplified level.

With ambitions and objectives of implementing elite and distinctive designs that distinguish our project and set it apart from the crowd, we break the traditional design patterns in every sense of the word, from planning to execution. You break the pattern in design, and we break the pattern in execution!

OUR STRUCTURE

FOWY GENERAL CONTRACTOR AND PROCUREMENT LIMITED employs a team of professionals that follows up and follows through on each and every transaction we manage. With our Global Service Network we aim to be the most reliable Project Logistics Management and Removal & Relocation Company in the market with an inspired, people-driven and dedicated approach to serving our valued customers. While we are proficient in offering worldwide moving, freight forwarding, project logistics and related services, we are not satisfied with just

that: we also strive to be committed advisors to our customers and associates at all times

Also, our strength lies in the expertise of our key managerial team who have acquired experience in private and public organization. They provide the knowledge and driven skill required for the leadership operation, especially at policy and decision-making level,

TESTIMONY

In relatively short period of our operation, FOWY GENERAL CONTRACTOR AND PROCUREMENT LIMITED has been able to command an attractive admiration and patronage of some notable organization, corporate bodies, private individual's and government as uploaded in our Galleria

COMMITMENT TO HEALTH, SAFETY, SECURITY AND ENVIRONMENT (HSSE) SYSTEM

FWY GENERAL CONTRACTOR AND PROCUREMENT LIMITED respect and promote, without reservation, safety awareness and accident prevention throughout the organization. This commitment extends not only to compliance with respect to Federal, state and Local requirements, but also to the standards and requirements adopted within the industries we serve.

The Safety Program is critical for the prevention of workplace injuries and accidents. The success of the program however, is dependent upon employee knowledge of and compliance with policies, practices and procedures. Adherence to these standards coupled with a positive attitude creates competent personnel who are properly trained, equipped and motivated to safely perform their duties. Safety is a shared commitment. It is a required responsibility of all company personnel to participate in the prevention of personal injury and property damage during the course of our operations and to cooperate in this respect with those we work for and with. It should be noted that any violation of HSSE standards within the Company may lead to a disciplinary action.

Compliance with the code of practices

We observe laws and social norms both domestically and overseas, and conduct fair and transparent business operations, free competition and proper transactions.

Proactively working on environmental initiatives

We proactively address environmental issues, which is an essential requirement for conducting corporate activities as well as for corporate sustenance.

Protection, management, and disclosure of information and communication with society

We appropriately protect and manage information pertaining to projects and individuals, and will work toward broad, interactive communication with society.

Initiatives toward social responsibility

We actively engage in social contribution initiatives as a good corporate citizen and support such activities of group employees.

EQUIPMENT AND TECHNICAL CAPACITY

The company has invested substantial effort and money in ensuring that all its offices are automated with modern facilities to successfully operate in a competitive Information technology driven environment. All staff have ready access to computers, Scanners, Printers and the Internet. The company has a signed, sealed and delivered leasing agreement with a reputable firm for equipment required for any construction and other related works in any part of the country.

FOWY GENERAL CONTRACTOR AND PROCUREMENT LIMITED observe the legal and government policy directives and by thoroughly understanding the workings of both local and global economy, we bring to our clients much strength such as:

- ❖ Technical competence
- ❖ Highly trained professional personnel
- ❖ Effective quality control

Technical Competence

Our directors and managers have been in the business world for upward of twenty years during which they have acquired technical and professional competence.

Highly Trained Professional Personnel

Our company is proud to have an assemblage of experienced and competent professionals in various fields because we believe in synergy, that is our strength. All our directors and managers have had their practical and professional training in leading companies in and outside Nigeria. We have also established a continuous training programme through which we train our staff and keep abreast of developments which made us seamless solution provider

Effective Quality Control

In our organisation, every director, manager and supervisor bears personal responsibility for ensuring that we meet high standards in our work. Our organisation is structured such that effective control over the quality of our

professional practice is assured. In addition, our programme of internal review of all aspects of the practice is both searching and thorough.

Client Satisfaction

FOWY GENERAL CONTRACTOR AND PROCUREMENT LIMITED has a highly professional & motivated team, dedicated leaders providing their prompt, efficient services to our customers with utmost priority being the Quality of Service and Customer Satisfaction. Our longevity and success represent an unmatched commitment to our esteemed customers, solid knowledge of the Indian Market and to a certain extent our competitive advantage with our large customer database, distribution network and customer services.

CORPORATE SOCIAL RESPONSIBILITY

The Our Philosophy is Simple as we believe that responsibility is collective. We Operate in an Economically, Socially and Environmentally Sustainable Manner. We are Committed and Determined to Improve the Lives of the People and Communities We Work in, by Applying Philanthropic Strategies to Charity Organizations and to the Physically Challenged.

CONCLUSION

FOWY GENERAL CONTRACTOR AND PROCUREMENT LIMITED has put in position all the necessary resources required for effective discharge of our services earlier highlighted in order to achieve the mission promised to our prospective clients. Our is fully committed into constructions such as pool, fountain, roads, residential and commercial buildings, manufacturing of doors and interior decor., and hereby recommends its wide range of products in the construction industry for your desirable consideration in realization of your organizational dreams.

Bolamark 
ENGINEERING LIMITED

COMPANY PROFILE

ABOUT OUR BUSINESS

Established in 1981, Bolamark Group has grown into a conglomerate comprising of Bolamark Engineering Limited- the company has transitioned from Electroquick to now being a fully fledged group of industries with subsidiaries like Sybell Industries. Bolamark has strategically positioned to becoming one of the leading electrical solutions provider in the West African Sub-region.

As a group, we supply a range quality energy efficient solutions and services to our clients ranging from to residents, industries and governments.

We leverage on our OEM partners and access to a global supply chain to provide innovative and cutting edge technologies ensuring we stay ahead of the industry.

We are a digitalization champion and we ensure that we continue to grow embedding technology and embracing the edge control of the "internet of things age"

We've continued to grow our skills in conceptualising, designing, developing and constructing for sustainability. Armed with a pedigree of awards and project success, our service delivery quality is unrivaled and our quality assurance commitment to our clients resonates through.

We provide global services at competitive costs and we pride ourselves in delivering quality and workmanship in every project.

BRAND PHILOSOPHY

Going by our corporate slogan **'Passion for Power'**, we believe that 'power is nothing without control', thus we provide and deliver innovative, functional and practical technological solutions that help shape and transform lives.

MISSION

To be the One-Stop Shop for Your Electrical Solutions

VISION

- To provide quality and innovative power solutions to residential and C&I infrastructure within Africa leveraging on technology whilst contributing to the energy transition mandate.

CORE VALUES

For Africa

Excellence

Quality

Innovation

We adhere to the ethics, technics, codes and regulations and are in full compliance with practices established by National and local regulatory safety agencies.

We look into the future from the real and practical perspective. We strive to stay abreast of the changing technology and current to the latest developing technology and materials in the field.

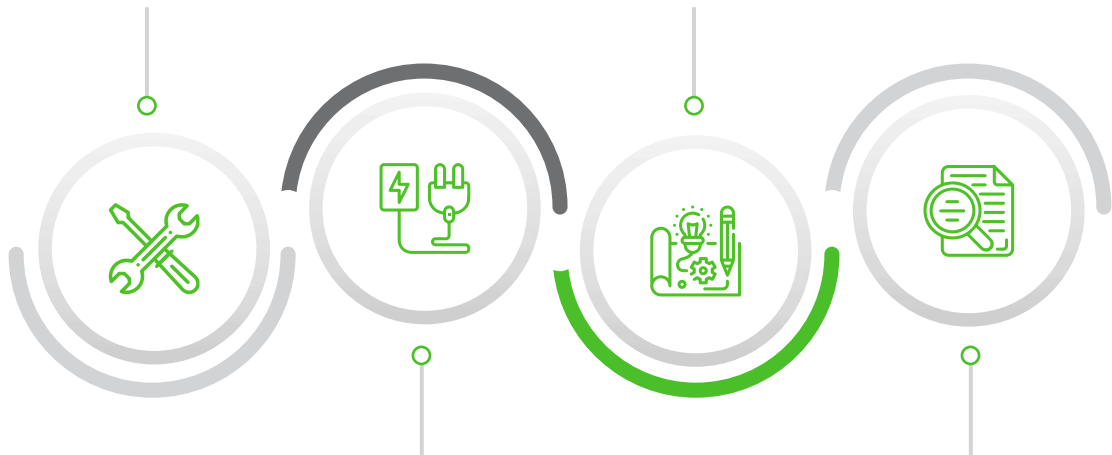

OUR SERVICES

Design, Installation & Commissioning

We undertake site assessment for clients prior to the design and provision of tailor-made solutions for the manufacture, installation and commissioning of industry standard electrical infrastructure.

Turnkey Engineering Procurement and Construction

Our ability to source for qualified manpower, we also execute projects for our clients on turnkey basis, where we design, build, commission, operate and manage the facility on behalf of the client.

Low Voltage & Medium Voltage Panel assembling, Modification & Retrofit

We undertake the manufacture of electrical panels of various types for several clients, including those meant for all our projects, based on the clients' requirements and specifications.

Power Audit Analysis & Feasibility Studies

We conduct audit and analysis of power systems for clients to help guarantee safe and efficient power usage, minimizing energy losses and wastages while guaranteeing lower energy costs.

Residential ,Commercial & Industrial
Inverter Solution - Conext Range by
Schneider Electric

OUR SOLUTIONS

Independent Power Solutions (IPP)

We develop and maintain power plants to generate electricity that meets our consumer and industrial demand. We deploy the most cost-effective and reliable power plant offerings to serve the various demands of our clients whether it's baseload power, cyclic generation, or peaking power. Our IPP solutions are Cost-effective and reliable, fast starts and flexible ,ramping up and down power production. We are able to rapidly deploy modular power units operating at high efficiency with maximum fuel flexibility. Our solution ranges from 1MW to 25MW and are able to design and deploy in phases.

Rural Electrification Solutions

We deploy turnkey power solutions to clients in under-served areas our range integrated power solutions enable us to provide sustainable power to rural communities. We provide a broad spectrum of electricity solutions to light up communities across West Africa. Armed with bespoke energy solution for every situation, we develop high quality technical services and solutions to meet rural demands to ensure the lights stay on. Our solution ranges from 500kw to 1MW.

Schneider Electric Transformer
Solutions: Step Up/Step Down

Solar Microgrid & Minigrid Solutions

We provide affordable reliable, sustainable energy services through smart mini-grids powered by renewable energy. We partner with minigrid developers to provide people with the means to climb the energy ladder with our innovative solutions related to electricity

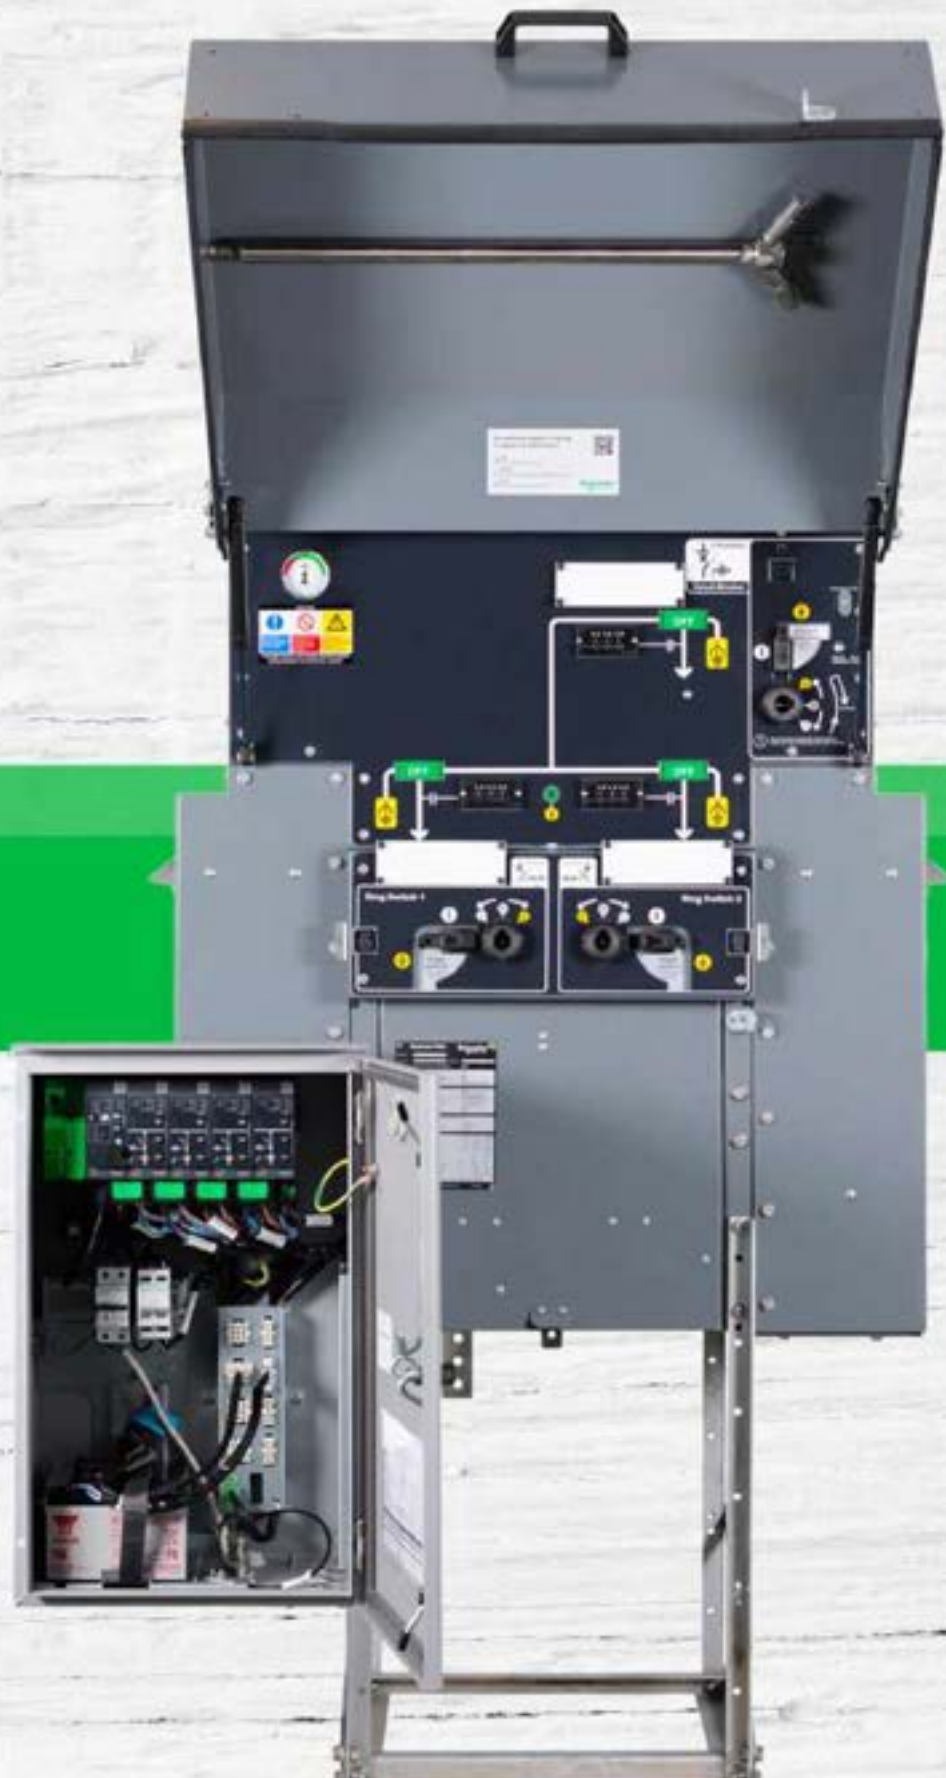

We collaborate with developers, government and host communities to deploy customized, commercial-scale solar generation systems, providing not only a clean source of energy, but a reliable long-term and profitable investment. Solution in this scale ranges from 50kw to 500kw.

Hybrid Energy Storage Solutions

We specialize in reducing carbon footprint of critical power installations with our energy enabling technologies offering cost-effective energy storage and smart grid solutions that can be integrated at different levels of the electrical grid, providing a large portfolio of grid services. We offer Hybrid energy systems integrating a mix of Storage, Co-gen, Diesel, Wind and Solar Standalone turnkey Energy Storage solutions serving industries, commercial facilities and unreliable Grid connected communities.

We provide hybrid energy storage solutions (ESS), optimized in economic terms, thanks to the integration of several energy storage technologies, enhanced power electronics and patented energy management algorithms in exclusive, flexible hardware and software platforms. Our solution ranges from 200kwh to 10mwh ESS systems

Solutions

Security Equipment, counter-surveillance and Protection products

- ✓ Body Armour;
- ✓ Anti-Mine Equipment;
- ✓ Trace Explosives Detector;
- ✓ Bulk Explosive Detector;
- ✓ G-Tracer: Long Range Detector (Distance 300m Radius);
- ✓ EOD/IEDD Portable & Mega Jammer;
- ✓ Walk through Scanning Systems;
- ✓ EDD/Detection Equipment;
- ✓ Baggage Screening Systems;
- ✓ Walkie Talkie & Long Range Radio;
- ✓ Anti-Mine & Demining Armor;
- ✓ Handcuffs & Leg cuffs;
- ✓ Security Blinds;
- ✓ Blast Resistant Wall;
- ✓ Remote Controlled Spotlight;
- ✓ Searchlight (Beam Distance up to 1625m);
- ✓ Armored Cars and Custom bulletproof Vehicles;
- ✓ Protection Equipment;
- ✓ Safety Products;
- ✓ RF Detector;
- ✓ EMF Detector;
- ✓ Thermal Imaging Systems;
- ✓ Spy Finders;
- ✓ Drone Jammers;
- ✓ Non-Linear Junction Detector;
- ✓ Emergency Masks;
- ✓ Hand held Metal Detectors;
- ✓ Under Vehicle Inspection Systems;
- ✓ Access Control Systems;
- ✓ Mail Screening Systems;
- ✓ Electro-Hydraulic Rising Bollard;
- ✓ Intruder Alarms;
- ✓ Gate Barriers;
- ✓ Public Address System;
- ✓ Non-lethal weapons such as stun guns and pepper spray;
- ✓ Ballistic Blanket; and
- ✓ Close Circuit Television (CCTV) Installations and maintenance

Security Training and Counter Terrorism Solutions

- ✓ Executive Drivers tactical training program;
- ✓ Guards Training
- ✓ Terrorist Incident Response Course;
- ✓ Hostile Environment Awareness Training (HEAT)
- ✓ Workplace violence prevention training
- ✓ Active shooter management training
- ✓ Terrorist threat assessment
- ✓ Emergency response training

Protection Services

- ✓ Technical Sweeping Services (Technical Surveillance Countermeasures (TSCM))
- ✓ Armored Cars and Custom bulletproof Vehicles for distinguished individuals.
- ✓ Provision of equipment for tactical units in an effort to protect law enforcement and military personnel from violent attacks during close combat situations. As a solution to the active-shooter dilemma, our tactical response vehicles are designed for breaching and can handle sustained high-power rifle fire.
- ✓ Close Body protection for VIPs.
- ✓ Conference Security protection services.

ATAMAP RANGE OF PRODUCTS

VEHICLE SCANNER – UVSS

The Under Vehicle Surveillance System mainly used for checking whole structure under cars, Can quickly and accurately identify the hiding contraband in the vehicle and illegal immigration, smuggling people, faster and more accurate than traditional vehicle inspection mirror, greatly improving the speed and accuracy of vehicle safety checks,

Fixed Mode:

Deployable Mode:

T-BAR TROLLEY TYPE UNDER-VEHICLE SEARCH MIRROR

The T-Bar Trolley Search Mirror is a robust 'wheeled trolley' under vehicle illuminated search mirror, specifically designed and developed with security personnel in mind for detailed searching of the underside of vehicles.

EOD/IEDD MEGA JAMMER

The GSS-EOD/IEDD MEGA JAMMER is one of the best countermeasure jammers available on the market today. The barrage jamming is produced by a fast randomly CW (Continuous Wave) proprietary ladder waveform that slews or "sweeps" the frequency of the jammer from its lowest to its highest frequency limits. Superimposed along the rising ramp portion of the waveform are many

BOMB CONTAINER

SPIDER WATCH

Guarding a border from Intruders

PROTECTIVE MASK M2F

HIGH POWER BACKPACK BOMB JAMMER

This High Power Backpack easily transportable Bomb Jammer uses the latest advanced Direct Digital Synthesizer technology that can quickly & efficiently block signals coming even from the most sophisticated RCEDD - Remote Controlled Digital or Analog Explosive Detonating Devices. Custom frequencies can be easily preprogrammed by using our proprietary software via regular Laptop or PC.

EXPLOSIVE AGENTS DETECTOR/SNIFFER

Advanced Portable System for detection of explosives and radioactivity

MINI-EXPLONIX

EXPLONIX

LONG RANGE EXPLOSIVE DETECTOR (300m) G-TRACER LOCATOR

SAS CEK-R Video Inspection Kit

We offer Training with our Manufacturers in USA, CANADA & EUROPE

ATAMAP RANGE OF PRODUCTS

ELECTRO-HYDRAULIC RISING BOLLARD-

INTRODUCTION

The bollard employs an effective electro-hydraulic mechanism ensuring smooth and efficient movement of the bollard. There is the additional benefit of our manual override facility, ensuring the bollard remains operational in the event of an emergency or power failure. The electronic control unit allows the systems to be operated in either automatic or semi-automatic mode, they can easily be integrated with access control and safety equipment, traffic lights, photocells and ground loops. There is an additional optional feature which allows the bollard to be automatically lowered in the event of a power failure.

MANUAL BARRIER CONTROL

AUTOMATIC BARRIER CONTROL

(SPECIFICATION)

Heavy duty pillar block bearings
Removable fibreglass hood
(Non rusting)
Safety door switch
(isolates power for protection)
3 Phase motor, single phase supply
(guaranteed reliability)
Door mounted control panel
(for ease of access and adjustment)
Inverter driven
(smooth operation)
Adjustable speed, acceleration and deceleration
No springs required
(no balancing or adjustment necessary)
Motor & gearbox direct drive
(no pulleys or belts required)
Pre-wired loop detector bases for single Channel safety and entry/exit control
Heavy duty roller plunger limit switches
Programmable logic control
(on fault diagnostic on screen display)
Manual override
(in case of power failure)
Comes complete with M12 anchor shield bolts
(no cabinet mounting plate required)
1.5 Amp power supply
(for additional access control)
Added Benefits:
Corporate colours available on request
Low maintenance
Ease of installation

CCT CAMERAS

SECURITY SCREENING SYSTEMS

HAND-HELD WHOLE BODY IMAGER (GAME CHANGE)

The 2010 Thermo Conductive Infra-Red state-of-the-art hand held whole body Imager is capable of detecting a wide range of objects such as plastics, ceramics, metals, liquids etc. concealed under the clothing on human body. It is the only Hand Held Whole Body Imager that does not emit any radiation, and does not violate the person's privacy.

This is critical in all types of venues from airports, banks and retail establishments, from commercial high rises to transportation services and detention centers. It can be applied quickly & efficiently where the security is desired and necessary.

APPLICATIONS:

- * Airport checkpoints
- * Customs, Borders Crossings
- * Prisons
- * Courtrooms
- * Loss Prevention Industry
- * Government buildings
- * Commercial buildings
- * VIP Places

ACCESS CONTROL

WALK THROUGH DETECTOR

UNIQUE MULTI-ZONE TECHNOLOGY

Uses unique coil system that guarantees uniform first-rate detection performance throughout the frame opening. This multi-zone technology provides excellent discrimination and a much lower false alarm rate than with conventional detectors. This results in a much higher throughput rate.

Static Type PORTABLE (Deployable Type)

HAND HELD NON LINEAR JUNCTION DETECTOR

This advanced unique non-linear junction detector is significant for its small & compact size, ergonomic design and light weight. The dimensions are as small as 39x10x4 cm; the weight is less than 700 g. Because of its advanced antenna design (only 18 mm thick) it can be used for the hard-to-search small and tight places which was never before possible

Parcel X-Ray Scanner

A large capacity cabinet postal x-ray scanner for checking bundles of letters, courier deliveries, yolk trays, parcels and handbags. It is a freestanding unit combining a large screening chamber with a compact physical size. Imaging is in black and white and color with several image enhancement options for highlighting low, medium and high density materials. Image enhancements are made using a simple handheld mouse, the images are then stored on screen until the next x-ray exposure is made.

VMI LUGGAGE SCANNER

SPECTRUM (Conventional X-Ray Scanner)

Mailguard

Letterbomb Detector & Mail Scanner

ATAMAP RANGE OF PRODUCTS

THE BODYARMOUR OF THE FUTURE TODAY

Protection level: Swedish police standard
(RPS 2) (9mm, 357 magnum) Vo bullet 450 m/s

Protection level: Swedish police standard (RPS 2)
(9mm, 357 magnum) Vo bullet 450 m/s

Inside material: Outlast, Tormo regulated, space technology.
(Made in Sweden / UK)

Military vest 3A with quick release system

Military vest 3A, SB51

Bomb Suit

Armour Plates
DTS "insert plate" NIJ III ++

Riot Gear

HELMET

The Helmet will protect the wearer's head from blunt, sharp, and ballistic threats. It can be used in conventional warfare, counter-insurgency, and public order operations

HANDHELD METAL DETECTOR (Wand)

MILITARY SEARCH LIGHT

SLIDE GLOCK GUN

HANDCUFF

LIMB RESTRAINTS

LAW ENFORCEMENT

INDIVIDUAL USE / DISPENSERS

INDIVIDUAL TEAR GAS SPRAY

USE
Cover their specific range of applications, these people sprays protect people from being hit by gas and irritants. They are used to neutralize individuals by temporarily incapacitating them.
(It is up to the user to use the spray with great care on the target and a three-stage safety system is integrated through the compressed nozzle.)

PERFORMANCE
The choice of the design of these sprays is a result of a choice of 4 meters. The pressure of the spray is adjusted with the compressed CO2 which rapidly neutralizes exposed individuals without causing permanent effects. Indeed, the solution was chosen for its harmless effect on the skin, its easy maintenance and its rapidity to use.

CHARACTERISTICS

Capacity of active component	50 ml
Total height	100 mm
Diameter	25 mm
Total weight	11 g
Range	4 m
% of CO2	95
Duration of continuous flow	5 sec
Temperature range	-10 to 50 °C

Made In FRANCE

BODY GUARD SECRET COMMUNICATION SYSTEM

Do not let the small size of this Radio deceive you, it is definitely the jewel of the two way radios that way outperforms anything else that is available on the market. It is used mainly where long range discrete communication is needed between government security personnel. It comes complete with clear in-ear loop and complete PTT assembly to be used for secret communications.

NIGHT VISION

GOGGLE

TOUCH DOWN

SMOKE HOOD

Twin cartridges for easy breathing
Maintenance-free
High visibility reflective strips for easy recognition
For easy access - head harness adjusts outside the hood
Protects lungs, head, eyes, and face
One universal size
Quick and easy donning
Unobstructed field of view
Can be used with eyeglasses, beards, and long hair

MULTI PURPOSE PARTICULATE RESPIRATOR

READI MASK

Readi Mask is a multi-purpose particulate respirator that helps protect against airborne particles including:

- Viruses
- Bacteria
- Smoke Particles
- Radioactive Particle Matter
- Airborne Allergens

READI MASK MULTI-USE

Who Uses Readi Mask

- > First Responders
- > Police
- > Prisons
- > EMS
- > Factory
- > Construction
- > Industrial
- > Schools
- > Bank
- > Employee Kits

Where Readi Mask Is Used

- > Home
- > Office Buildings
- > Hotels - Casinos
- > Airplanes
- > Bank Bulk Room
- > Trains
- > Auto
- > Factories
- > Hospitals
- > Veterinarians
